

NO. 3000

## Word Quilt

Choose a prefix, suffix, or root word and write it in the centre. In the four spaces that surround the centre, write words that are formed from this word part. In the outside areas, write a definition for each of the four words.

The diagram is a square with a dashed border. Inside, there are four large circles arranged in a 2x2 grid, each overlapping its neighbors. In the center of these four circles is a smaller circle. A dashed square is drawn around the central circle, with lines connecting its corners to the centers of the four large circles. There are eight stars: one in each of the four corners of the dashed border, and one in the center of each of the four large circles.
